Name recognition is essential in business today. Take advantage of an underused asset – CLOTHING. We'll take **your logo, company name, or both and embroider** it to shirts, caps, bags – you name it.

Whether you need a long-sleeve denim shirt or a heavy-duty T, we have the finest selection in apparel. Our embroidery and clothing look so good, your staff will want to wear it when they're not working. How's that for free advertisement?

At Bay State Embroidery, no order is too large or too small. And because we handle all of our embroidery IN-HOUSE, you don't pay the "middleman" costs.

That's not all – we're offering a **SPRING FLING SPECIAL now through June 15, 2004. Take 10% off all first-time orders** (no limit on quantity). Mention code BSE017T when ordering.
